No adjustment has been made for any taxes payable by shareholders on capital gain distributions and dividends reinvested in shares.

To the Shareholders of Sequoia Fund, Inc.

Dear Shareholder:

Sequoia Fund's results for the second quarter of 2013 are shown below with comparable results for the S&P 500 Index:

<u>To June 30, 2013</u>	<u>Sequoia Fund</u>	<u>S&P 500 Index*</u>
3 Months	3.50%	2.91%
6 Months	14.65%	13.82%
1 Year	25.98%	20.60%
5 Years (Annualized)	10.92%	7.01%
10 Years (Annualized)	8.52%	7.30%

The performance shown above represents past performance and does not guarantee future results. The table does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. Current performance may be lower or higher than the performance information shown.

** The S&P 500 Index is an unmanaged, capitalization-weighted index of the common stocks of 500 major US corporations. The performance data quoted represents past performance and assumes reinvestment of distributions. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Year to date performance as of the most recent month end can be obtained by calling DST Systems, Inc. at (800) 686-6884.*

As of this writing, the Sequoia Fund is up 19.45% year-to-date versus 17.00% for the S&P 500 Index.

Based on activity to the date of this letter, the capital gains distribution will be approximately \$2.08 per share and would be distributed in November. We will do our best to keep you informed of any material changes due to sales activity through October 31, 2013. IRS regulations dictate that capital gain distributions are determined by transactions from November 1 of one year to October 31 of the following year.

We are providing you with a copy of the transcript of the Ruane, Cunniff & Goldfarb Inc./Sequoia Fund, Inc. "Annual Investor Day 2013" meeting that was held on May 17th.

We would like to express our sincere gratitude to Vinod Ahojja, who recently stepped down from Sequoia's board of directors after 12 years of service. Vinod served as our independent board chairman for several years and his wise counsel and steady leadership served all Sequoia shareholders well. He was, and remains, greatly respected by his fellow board members and the Fund's managers. We bid him a fond farewell.

Sincerely,

Richard T. Cunniff
Vice Chairman

Robert D. Goldfarb

**FEES AND EXPENSES OF THE FUND
(UNAUDITED)**

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees (fees paid directly from your investment)

The Fund does not impose any sales charges, exchange fees or redemption fees.

Annual Fund Operating Expenses (expenses that are deducted from Fund assets)

Annual Fund Operating Expenses

Management Fees	1.00%
Other Expenses	<u>0.03%</u>
Total Annual Fund Operating Expenses *	<u>1.03%</u>

** Does not reflect Ruane, Cunniff & Goldfarb Inc.'s ("Ruane, Cunniff & Goldfarb") contractual reimbursement of a portion of the Fund's operating expenses. This reimbursement is a provision of Ruane, Cunniff & Goldfarb's investment advisory agreement with the Fund and the reimbursement will be in effect only so long as that investment advisory agreement is in effect. For the year ended December 31, 2012, the Fund's annual operating expenses and investment advisory fee, net of such reimbursement, were 1.00% and 0.97%, respectively.*

Shareholder Expense Example

As a shareholder of the Fund, you incur ongoing costs, including management fees and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (January 1, 2013 to June 30, 2013).

Actual Expenses

The first line of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and

an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and will not help you determine the relative total costs of owning different funds.

	Beginning Account Value January 1, 2013	Ending Account Value June 30, 2013	Expenses Paid During Period* January 1, 2013 to June 30, 2013
Actual	\$1,000	\$1,146.50	\$5.32
Hypothetical (5% return per year less expenses)	\$1,000	\$1,019.84	\$5.01

** Expenses are equal to the Fund's annualized expense ratio of 1.00%, multiplied by the average account value over the period, multiplied by 181/365 (to reflect the one-half year period).*

(a) “Miscellaneous Securities” include holdings in their initial period of acquisition that have not previously been publicly disclosed.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

Level 1 – quoted prices in active markets for identical securities

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Refer to the Fund's Schedule of Investments for a detailed break-out of common stocks by industry classification. Transfers between levels are recognized at June 30, 2013, the end of the reporting period. During the period ended June 30, 2013, there were no significant transfers into and out of Level 1 and 2 measurements in the fair value hierarchy. There were no level 3 securities held in the Fund during the period ended June 30, 2013.

The following is a summary of the inputs used to value the Fund's investments as of June 30, 2013:

Valuation Inputs	Common Stocks	U.S. Government Obligations	Total
Level 1 – Quoted Prices	\$5,578,425,548		\$ 5,578,425,548

Notes to Financial Statements (Unaudited)

NOTE 1—SIGNIFICANT ACCOUNTING POLICIES

Sequoia Fund, Inc. (the “Fund”) is registered under the Investment Company Act of 1940, as amended, as a non-diversified, open-end management investment company. The investment objective of the Fund is growth of capital from investments primarily in common stocks and securities convertible into or exchangeable for common stock. The following is a summary of significant accounting policies, consistently followed by the Fund in the preparation of its financial statements.

- A. *Valuation of investments:* Investments are carried at market value or at fair value as determined under the supervision of the Board of Directors. Securities traded on a national securities exchange are valued at the last reported sales price on the principal exchange on which the security is listed on the last business day of the period; securities traded in the over-the-counter market are valued in accordance with the NASDAQ Official Closing Price on the last business day of the period; securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and asked prices.

Securities traded on a foreign exchange are valued at the Official Closing Price on the last business day of the period on the principal exchange on which the security is primarily traded. The value is then converted into its U.S. dollar equivalent at the foreign exchange rate in effect at the close of the New York Stock Exchange on that day.

U.S. Treasury Bills with remaining maturities of 60 days or less are valued at their amortized cost. U.S. Treasury Bills that when purchased have a remaining maturity in excess of sixty days are stated at their discounted value based upon the mean between the bid and asked discount rates until the sixtieth day prior to maturity, at which point they are valued at amortized cost.

When reliable market quotations are insufficient or not readily available at time of valuation or when the Investment Adviser determines that the prices or values available do not represent the fair value of a security, such security is valued as determined in good faith by the Investment Adviser, in conformity with guidelines adopted by and subject to review by the Board of Directors.

Foreign currencies: Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of foreign portfolio securities are translated into U.S. dollars at the rates of exchange prevailing when such securities are acquired or sold. Income and expenses are translated into U.S. dollars at the rates of exchange prevailing when accrued. The Fund does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments. Reported net realized foreign exchange gains or losses arise from the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund’s books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal period end, resulting from changes in exchange rates.

- B. *Accounting for investments:* Investment transactions are accounted for on the trade date and dividend income is recorded on the ex-dividend date. Interest income is accrued as earned. Premiums and discounts on fixed income securities are amortized over the life of the respective security. The net realized gain or loss on security transactions is determined for accounting and tax purposes on the specific identification basis.

- C. *Federal income taxes*: It is the Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable income to its stockholders. Therefore, no federal income tax provision is required.
- D. *Use of Estimates*: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.
- E. *General*: Dividends and distributions are recorded by the Fund on the ex-dividend date.
- F. *Indemnification*: The Fund's officers, directors and agents are indemnified against certain liabilities that may arise out of performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss thereunder to be remote.

NOTE 2—INVESTMENT ADVISORY CONTRACTS AND PAYMENTS TO INTERESTED PERSONS

The Fund retains Ruane, Cunniff & Goldfarb Inc. as its investment adviser. Ruane, Cunniff & Goldfarb Inc. (the "Investment Adviser") provides the Fund with investment advice, administrative services and facilities.

Under the terms of the Advisory Agreement, the Investment Adviser receives a management fee equal to 1% per annum of the Fund's average daily net asset values. This percentage will not increase or decrease in relation to increases or decreases in the net asset value of the Fund. Under the Advisory Agreement, the Investment Adviser is contractually obligated to reimburse the Fund for the amount, if any, by which the operating expenses of the Fund (including the investment advisory fee) in any year exceed the sum of 1 1/2% of the average daily net asset values of the Fund during such year up to a maximum of \$30,000,000, plus 1% of the average daily net asset values in excess of \$30,000,000. The expenses incurred by the Fund exceeded the percentage limitation during the six months ended June 30, 2013 and the Investment Adviser reimbursed the Fund \$671,000. Such reimbursement is not subject to recoupment by the Investment Adviser.

For the six months ended June 30, 2013, there were no amounts accrued or paid to interested persons, including officers and directors, other than advisory fees of \$31,887,557 to Ruane, Cunniff & Goldfarb Inc. and brokerage commissions of \$224,100 to Ruane, Cunniff & Goldfarb LLC, the Fund's distributor. Certain officers of the Fund are also officers of the Investment Adviser and the Fund's distributor. Ruane, Cunniff & Goldfarb LLC received no compensation from the Fund on the sale of the Fund's capital shares during the six months ended June 30, 2013.

NOTE 3—PORTFOLIO TRANSACTIONS

The aggregate cost of purchases and the proceeds from the sales of securities, excluding U.S. government obligations, for the six months ended June 30, 2013 were \$56,237,150 and \$236,148,458, respectively. Included in proceeds of sales is \$23,841,863 representing the value of securities disposed of in payment of redemptions in-kind, resulting in realized gains of \$13,880,045.

At June 30, 2013 the aggregate gross tax basis unrealized appreciation and depreciation of securities were \$3,324,876,037 and \$ 0, respectively.

NOTE 4—CAPITAL STOCK

At June 30, 2013 there were 100,000,000 shares of \$.10 par value capital stock authorized. Transactions in capital stock for the six months ended June 30, 2013 and the year ended December 31, 2012 were as follows:

	2013		2012	
	Shares	Amount	Shares	Amount
Shares sold	1,768,505	\$322,896,489	4,736,106	\$740,006,036
Shares repurchased	<u>1,234,391</u>	<u>227,704,958</u>	<u>3,832,116</u>	<u>609,210,299</u>
Net increase (decrease)	<u>534,114</u>	<u>\$ 95,191,531</u>	<u>903,990</u>	<u>\$130,795,737</u>

NOTE 5—FEDERAL INCOME TAXES

Distributions to shareholders are determined in accordance with federal tax regulations and may differ from those determined for financial statement purposes. To the extent these differences are permanent such amounts are reclassified within the capital accounts based on federal tax regulations. During the six months ended June 30, 2013 permanent differences primarily due to a net investment loss not deductible for tax purposes, realized gains on redemptions in kind not recognized for tax purposes and different book and tax treatment of net realized losses on foreign currency transactions resulted in a net decrease in net accumulated investment loss of \$5,973,821 and undistributed net realized gains on investments of \$13,837,701 with a corresponding increase in paid in surplus of \$7,863,880. These reclassifications had no effect on net assets.

There were no distributions paid during the six months ended June 30, 2013 or during the year ended December 31, 2012.

As of June 30, 2013, the components of distributable earnings on a tax basis were as follows:

Undistributed long-term gain	\$ 52,593,333
Unrealized appreciation	<u>3,324,876,037</u>
	<u>\$3,377,469,370</u>

The Fund recognizes the tax benefits or expenses of uncertain tax positions only when the positions are “more likely than not” to be sustained assuming examination by tax authorities. Management has reviewed the Fund’s tax positions taken on federal income tax returns for all open years (tax years ended December 31, 2009 through December 31, 2012) and has concluded that no provision for unrecognized benefits or expenses is required in these financial statements.

NOTE 6—DIRECTORS FEES AND EXPENSES

Directors who are not deemed “interested persons” receive fees of \$10,000 per quarter and \$2,500 for each meeting attended, and are reimbursed for travel and other out-of-pocket disbursements incurred in connection with attending directors meetings. The total of such fees and expenses paid by the Fund to these directors for the six months ended June 30, 2013 was \$141,606.

NOTE 7—INTERIM FINANCIAL STATEMENTS

The interim financial statements have not been examined by the Fund’s independent registered public accounting firm and accordingly they do not express an opinion thereon.

NOTE 8—SUBSEQUENT EVENTS

Accounting principles generally accepted in the United States of America require the Fund to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed as of the date of the Statement of Assets and Liabilities. For non-recognized subsequent events that must be disclosed to keep the financial statements from being misleading, the Fund is required to disclose the nature of the event as well as an estimate of its financial effect, or a statement that such an estimate cannot be made. Management has evaluated subsequent events through the issuance of these financial statements and has noted no such events.
